Let me look around, Althea may be able to generate it.

Who would generate it? I can sign it. We rolled down at the request of the RIC.

Hi Paul,

Is there someone who can get me a 213RR for Philis, so we can get the PR routed money put on the contract?

I know we are looking at a potential demob of tomorrow, at a cost of roughly \$103,369, based

on the cost estimate sent last week. We just need to get this rolling through the system.

Thanks!!

Jake
